Max Estates Limited is the listed real estate development entity of Max Group

Trusted for over forty years.

Max Group is a leading Indian multi-business conglomerate with interests across telecommunication, insurance, healthcare, packaging films, real estate and senior care. The Group was founded in 1982 by its founder and chairman, Mr. Analjit Singh, a leading visionary, entrepreneur and philanthropist.

Over the past 40+ years, the Group has nurtured and scaled several businesses that consistently keep the well-being of their communities at the forefront.

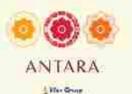

REAL ESTATE

Max Group's focus is now on real estate and real estate-enabled businesses, including Max Estates - creating commercial and residential spaces that nurture well-being - and Antara Senior Care, India's only integrated senior care ecosystem. Both these entities channel the brand equity and partnership DNA of the Max Group, as well as its culture of sevabhay, excellence and credibility, to offer exceptional value to their communities.

Max Group is driven by a strong set of values and beliefs that underpin all aspects of our operations.

Sevabhav

We encourage a culture of service and helpfulness so that our actions positively impact society. Our commitment to seva defines and differentiates us.

Excellence

We gather the experts and the expertise to deliver the best solutions for life's many moments of truth. We never settle for good enough.

Credibility

We give you our word and we stand by it. No matter what. A "no" uttered with the deepest conviction is better than a "yes" merely uttered to please, or worse, to avoid trouble. Our words are matched by our actions and behaviour.

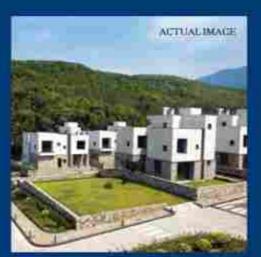

Currently, Max Group has a total customer base of around 5 million and an employee strength of more than 20,000 across 400 offices in India. The Group has been recognised with numerous accolades for its governance, commitment to care and exceptional value creation while enabling a better society.

Established in 2016, Max Estates Limited envisions itself as a well-being company enabled by real estate.

> Every day, our endeavour is to consciously enhance your quality of life through the spaces we create.

Max Estates has curated a diversified portfolio of grade-A sustainable residential and commercial offerings across Delhi NCR. We aspire to grow this portfolio by adding at least 2 million sq. ft. every year.

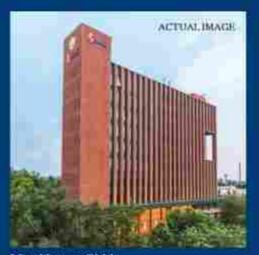

Through our pioneering philosophies of Live Well and Work Well, we are committed to bringing real well-being to real estate.

Senior living managed by

& Max Group

Estate 360's purposeful approach to intergenerational community living lends special attention to the well-being of all age groups.

Antara, a pioneer in senior care and the only integrated ecosystem of its kind in India, will manage dedicated senior living residences and spaces at Estate 360. The Antara ethos is to provide 'Expert senior care, apno jaisi'.

With a commitment to nurture thriving communities where each member feels valued, healthy and enriched, Antara offers residential living experiences, assisted care solutions and products to manage chronic health conditions through its various verticals:

Why

intergenerational

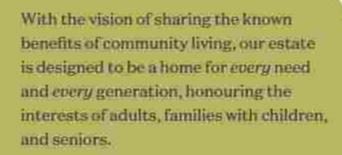

living?

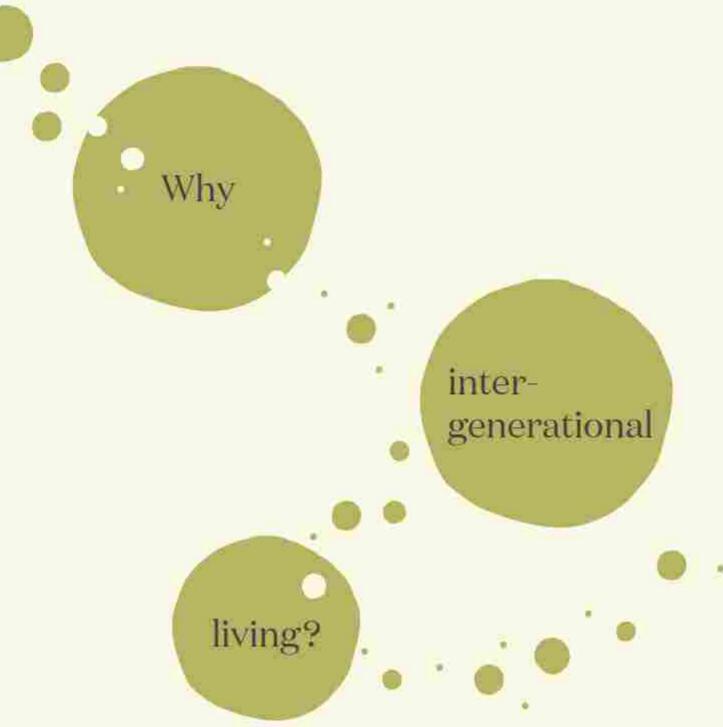

Indian culture has always been rooted in certain values — togetherness, belonging and learning from our seniors. With time has come the need to balance these values with the evolving needs of families — privacy, individuality and the importance of personal space.

Embracing tradition while accounting for present-day needs, Estate 360 intentionally incorporates inclusive design, and shared spaces and amenities catering to different age groups, cultures and lifestyles.

Through an understanding of *generational* needs, Estate 360 offers a vibrant ecosystem that...

Instills values of empathy, kindness and service in the young, and sensitises them to the concept of healthy ageing.

Provides seniors with companionship, emotional support and a sense of safety, and helps them develop a deeper understanding of young people

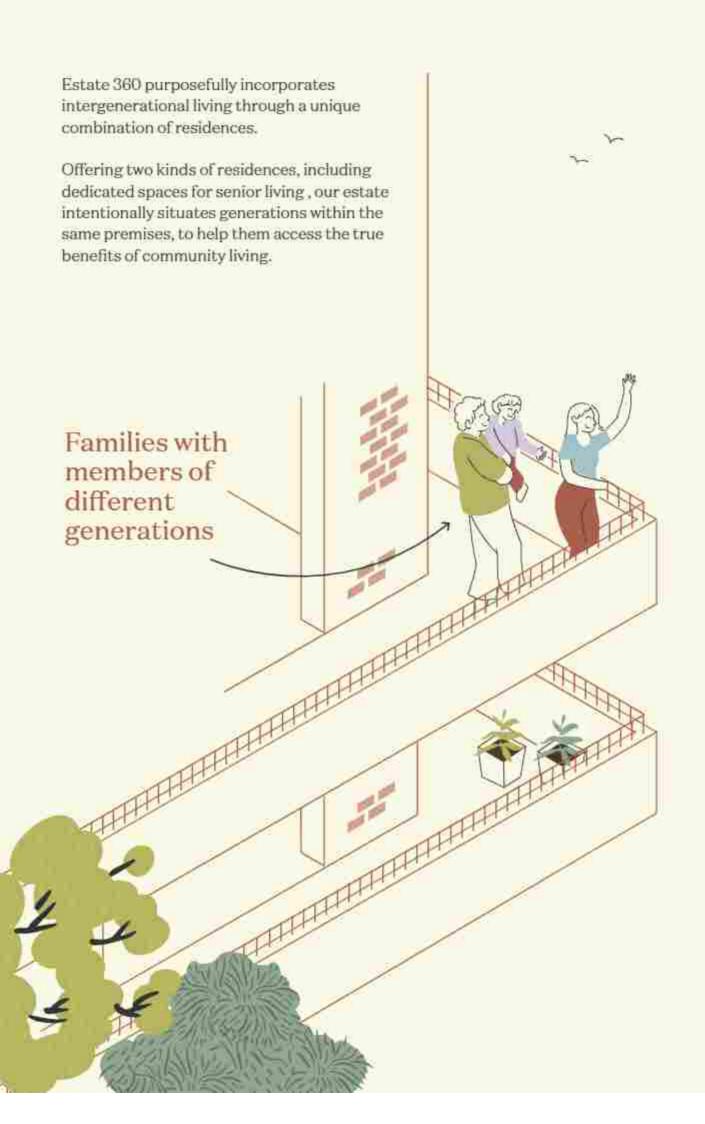

Improves children's language development, reading and social skills through interaction with older people*, while also facilitating better physical health and a higher degree of life satisfaction in seniors**.

INTENTIONAL DESIGN

Designed for real well-being.

Intentional architectural, interior and landscape design practices that enable physical, emotional, social and environmental well-being.

For the young and the young-at-heart.

A thoughtful curation of offerings for all generations, including adults, families with children, and seniors.

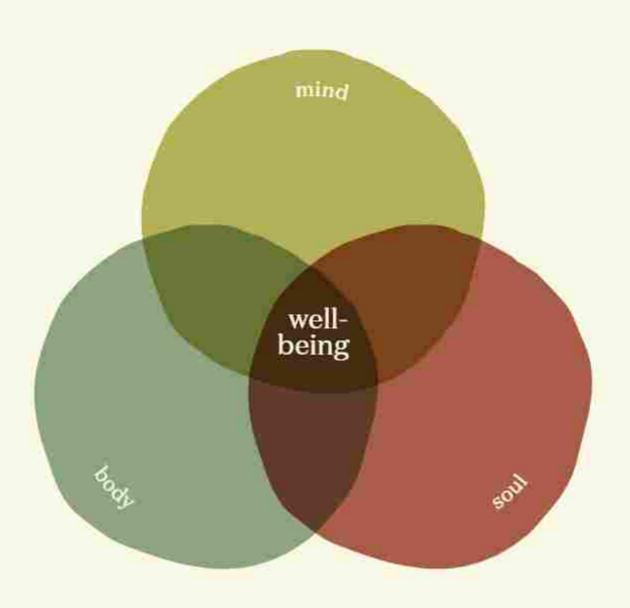

Connected Location at every step.

A thriving community located in Sector 36A-Dwarka Expressway, in the heart of Gurugram's emerging urban hub. INTENTIONAL DESIGN

Designed for real well-being.

Imagined in partnership with pioneers in architecture, landscaping and interior design, Estate 360 is rooted in thoughtful design practices and the philosophy of biophilia, to nurture real well-being.

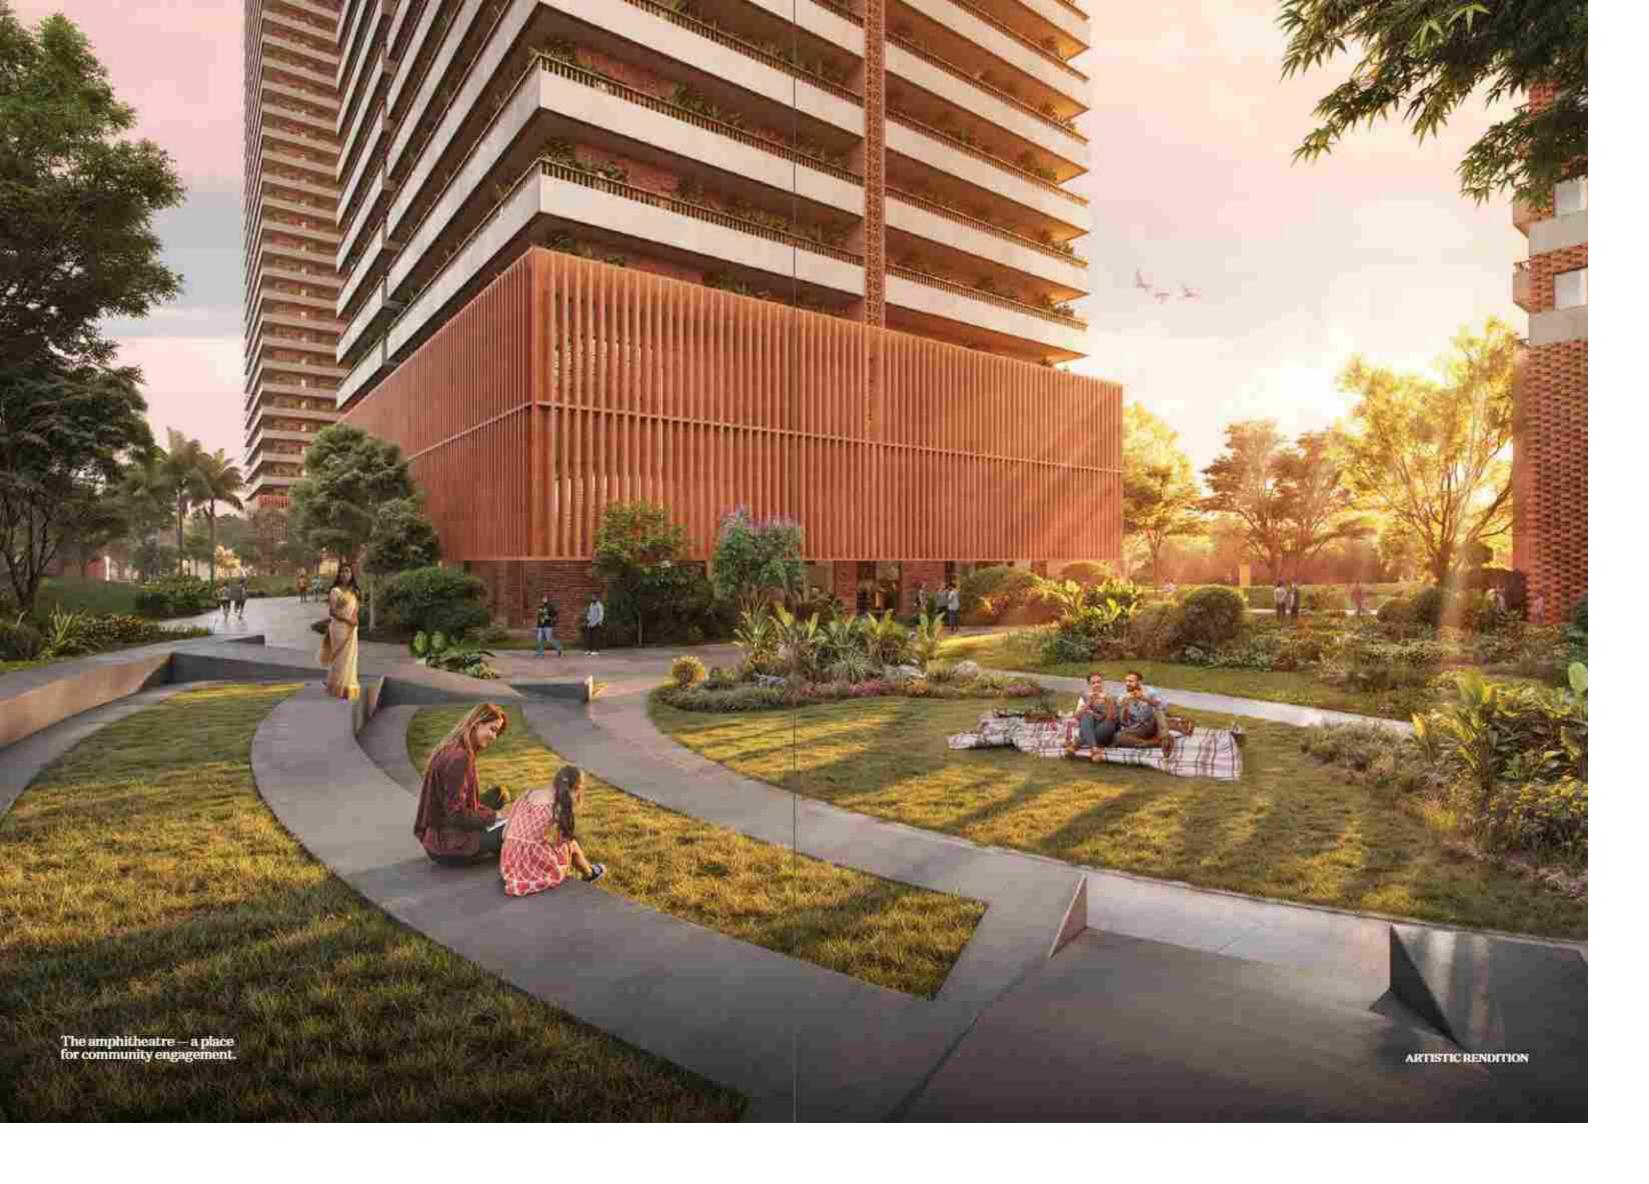

Our estate offers a variety of homes across six luxury residences, with two residences dedicated to senior living. Situated on one side of the estate, our senior living spaces are kept in proximity to the remaining residences, to allow access to the larger community.

India-inspired design and architecture

Estate 360's design and architecture is infused with contemporary sensibility to offer a modern take on Indian heritage.

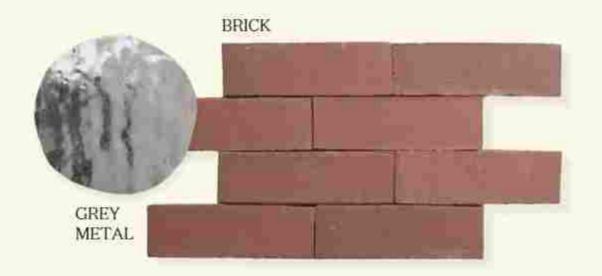

The facade incorporates patterns and textures inspired by the Indian craft of *jaali* work, lending character and enabling ventilation as well as controlled daylighting.

The careful integration of key vastu principles at our estate supports our well-being orientation.

We embrace imperfection as an expression of individuality, opting for an earthy, inviting design language.

Our landscaping, materiality and palette have all been thoughtfully selected to enrich our spaces with soul, and bring familiarity and comfort to the people who will reside in them. Warm terracotta and red brick, surrounded by generous greenery, exude a sense of belonging.

...for here

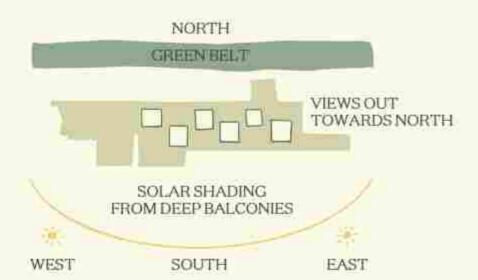

A climate-conscious approach to design

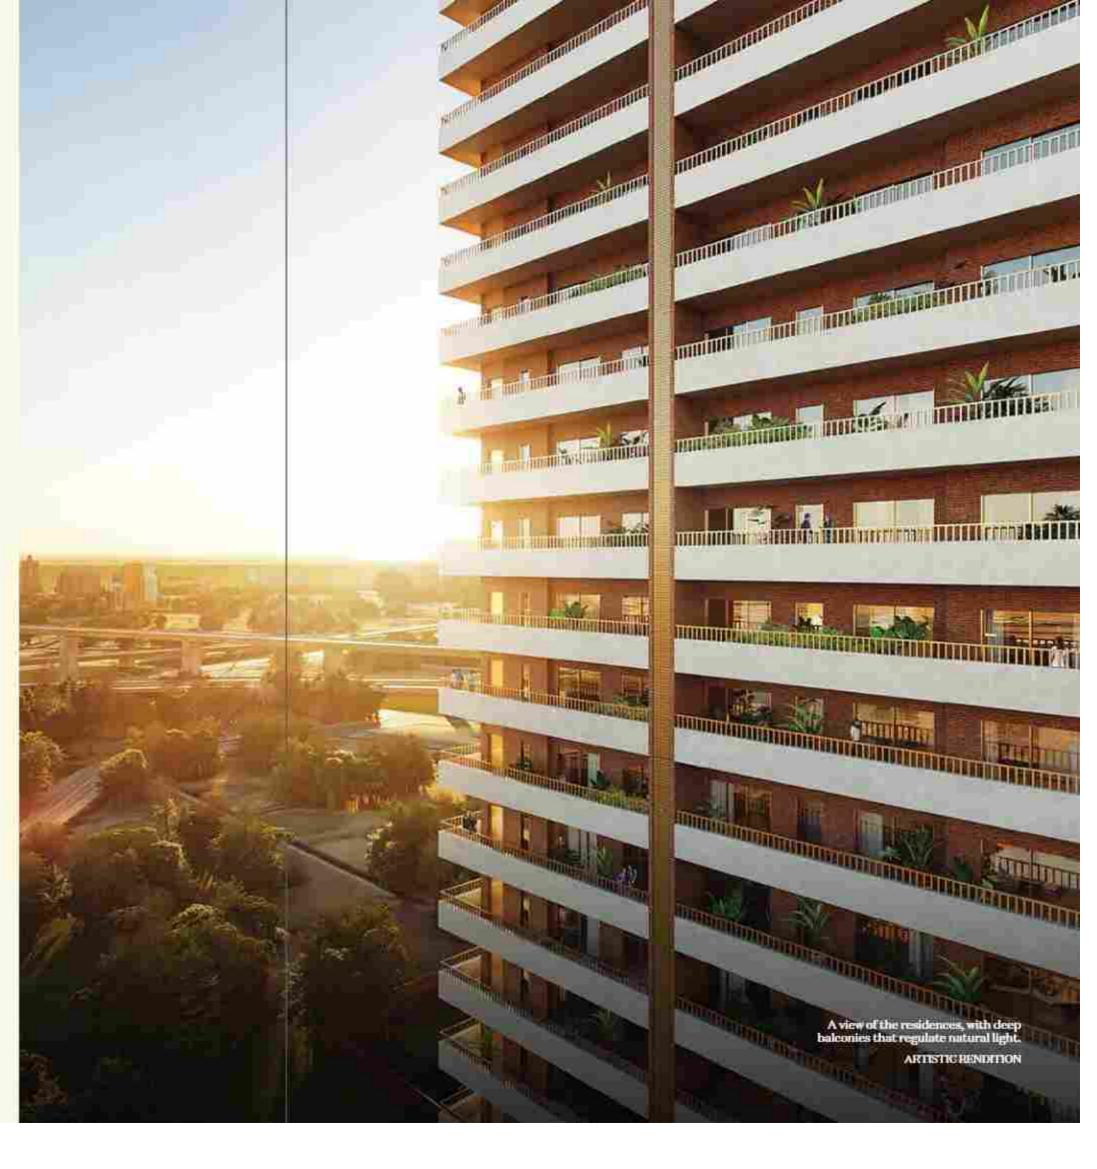

Estate 360's promise of well-being and environmental harmony permeates every aspect of our residences. Through a deep understanding of the climate and careful optimisation of orientation and materiality, our residences offer sustainable, future-proof solutions.

Residences are arranged on the site to maximise views and minimise absorption of heat, while deep balconies regulate the intensity of natural light indoors.

Considerations like inset windows for lower living spaces and adaptive materiality for different floors ensure that our residences offer privacy and comfort to everyone.

Local plants and vibrant art pieces punctuate our indoor and outdoor spaces to enable intimate contact with the surrounding environment.

Closer to nature

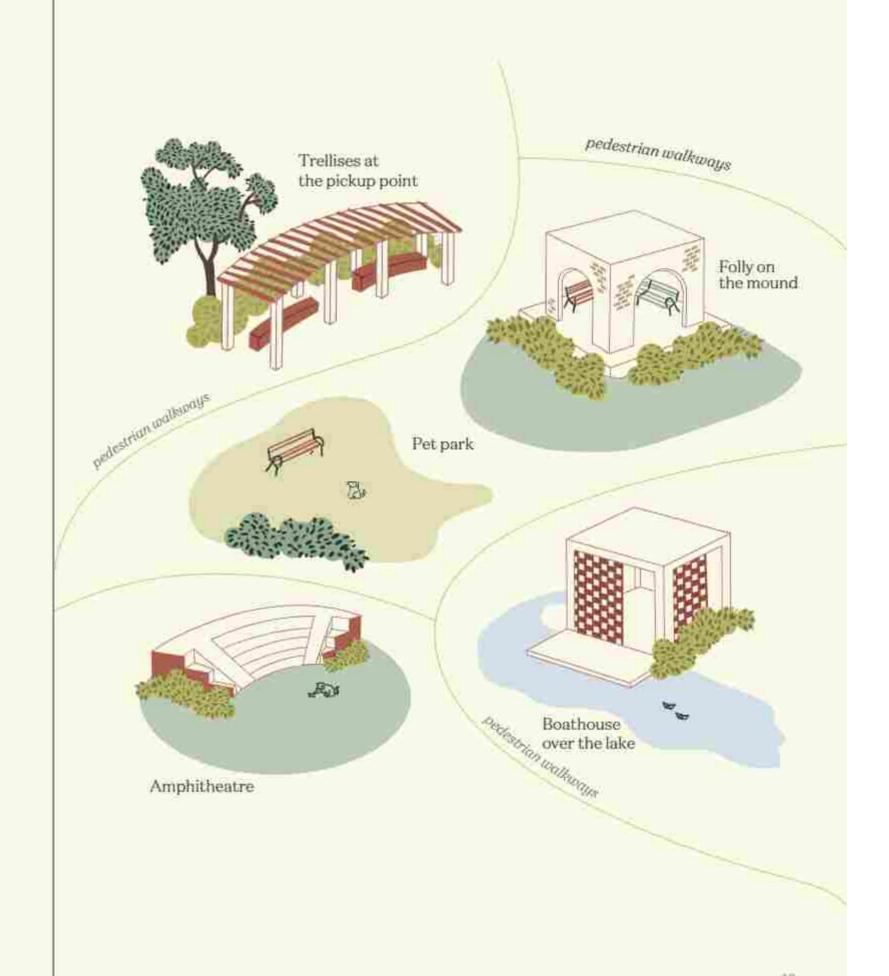

Countryside-inspired landscape design

Evoking the feeling of an idyllic countryside, Estate 360 is designed to include spaces that facilitate rest, relaxation and even recreation. Lush meadows, scenic follies, and a winding lake with a bridge and a boathouse meet you as you travel across the estate.

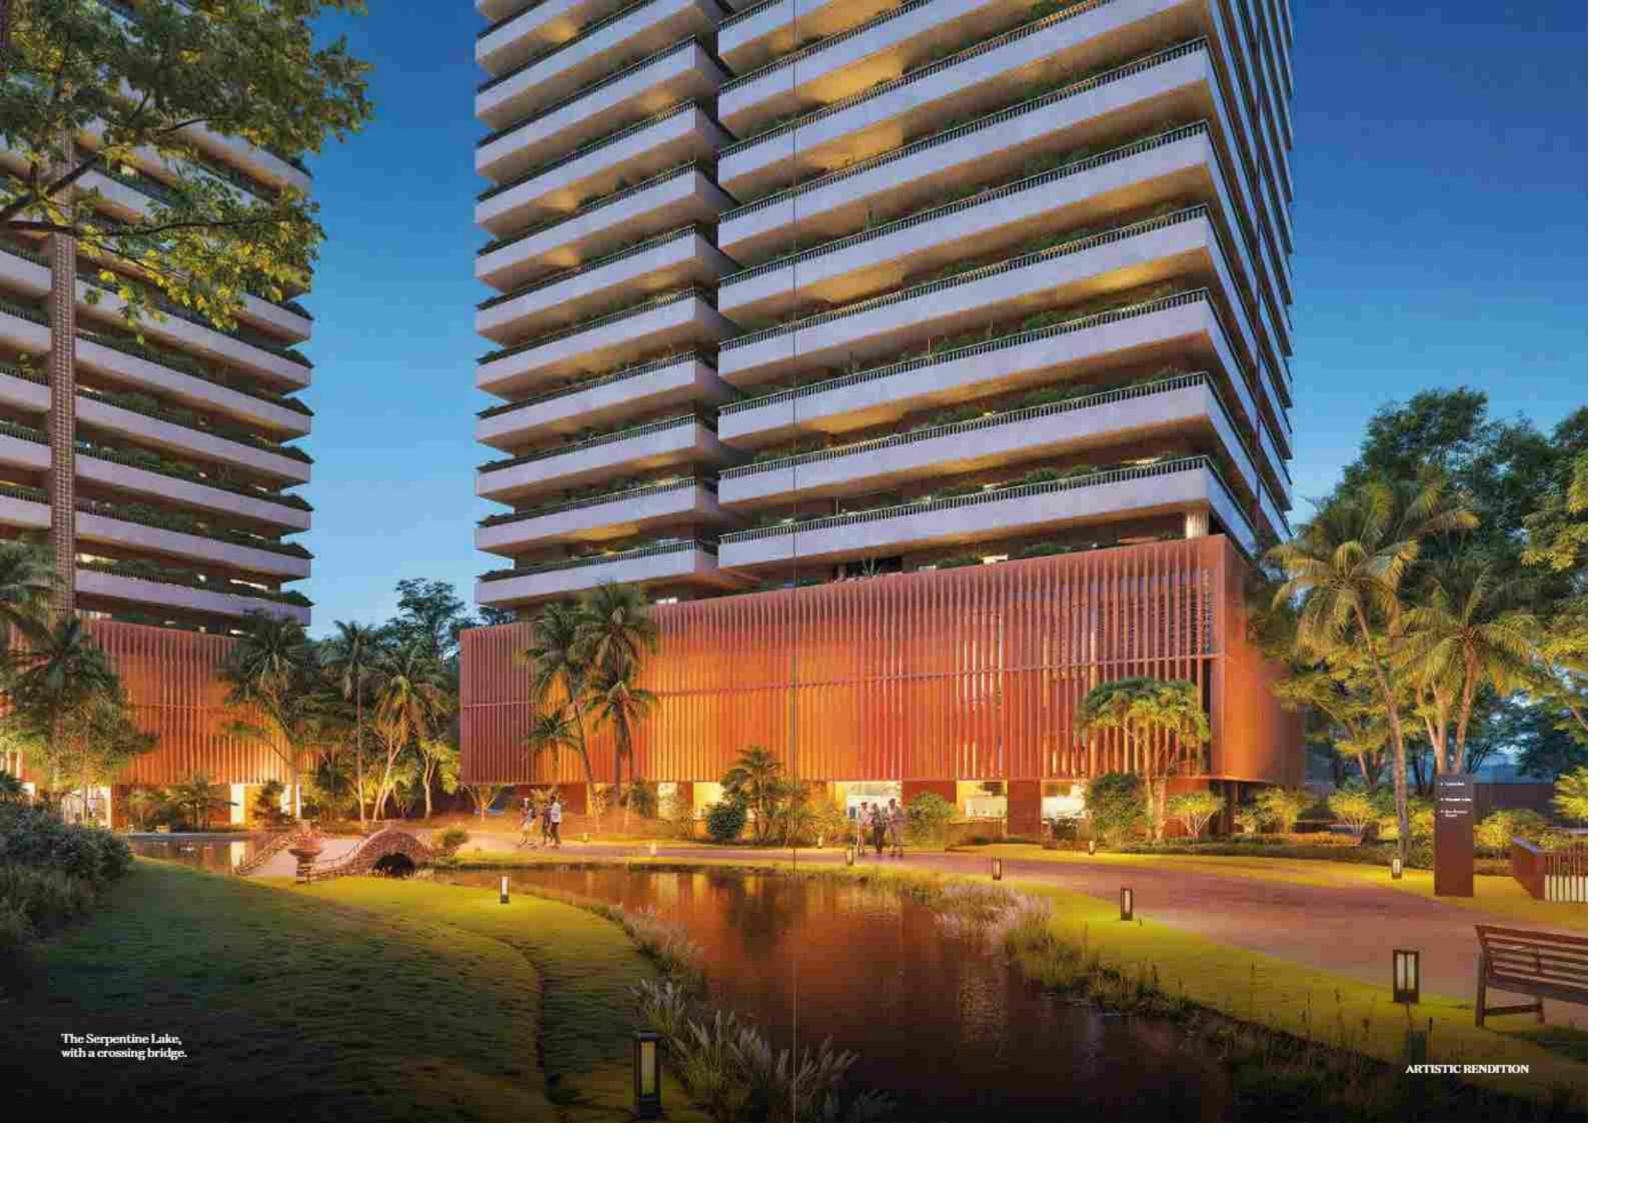

Landscaping amenities for all ages and lifestyles allow our estate to be a thriving and lively neighbourhood. The estate includes a dedicated children's playing area, called the Children's Den, as well as a pet park, while seniors enjoy ample outdoor seating, easily accessible spaces and features such as benches with armrests.

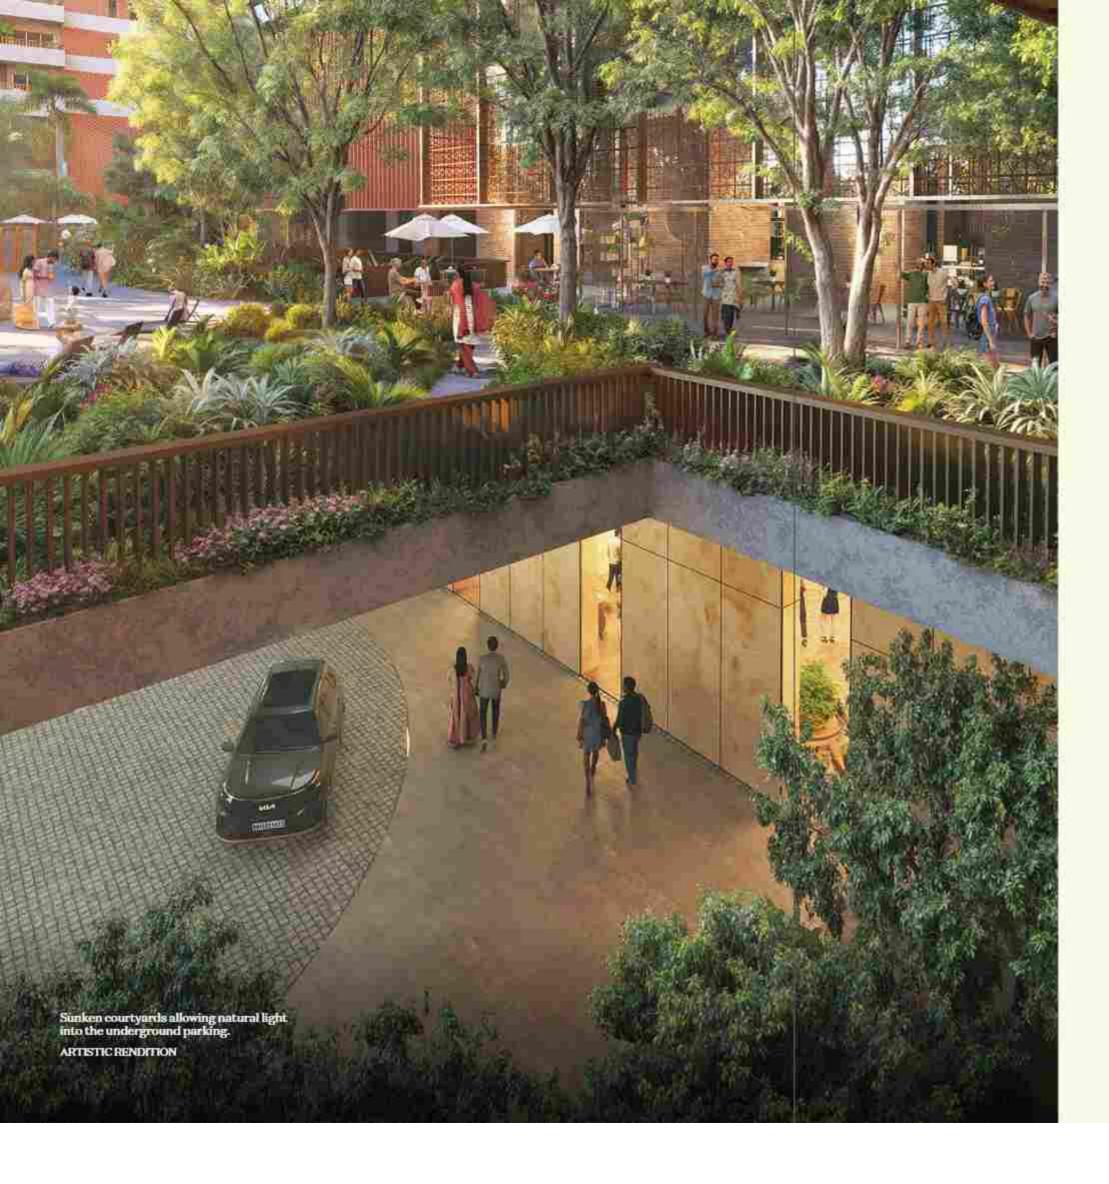

Wide pathways give pedestrians a choice in when and how they interact with one another, and ensure freedom and safety of movement for all.

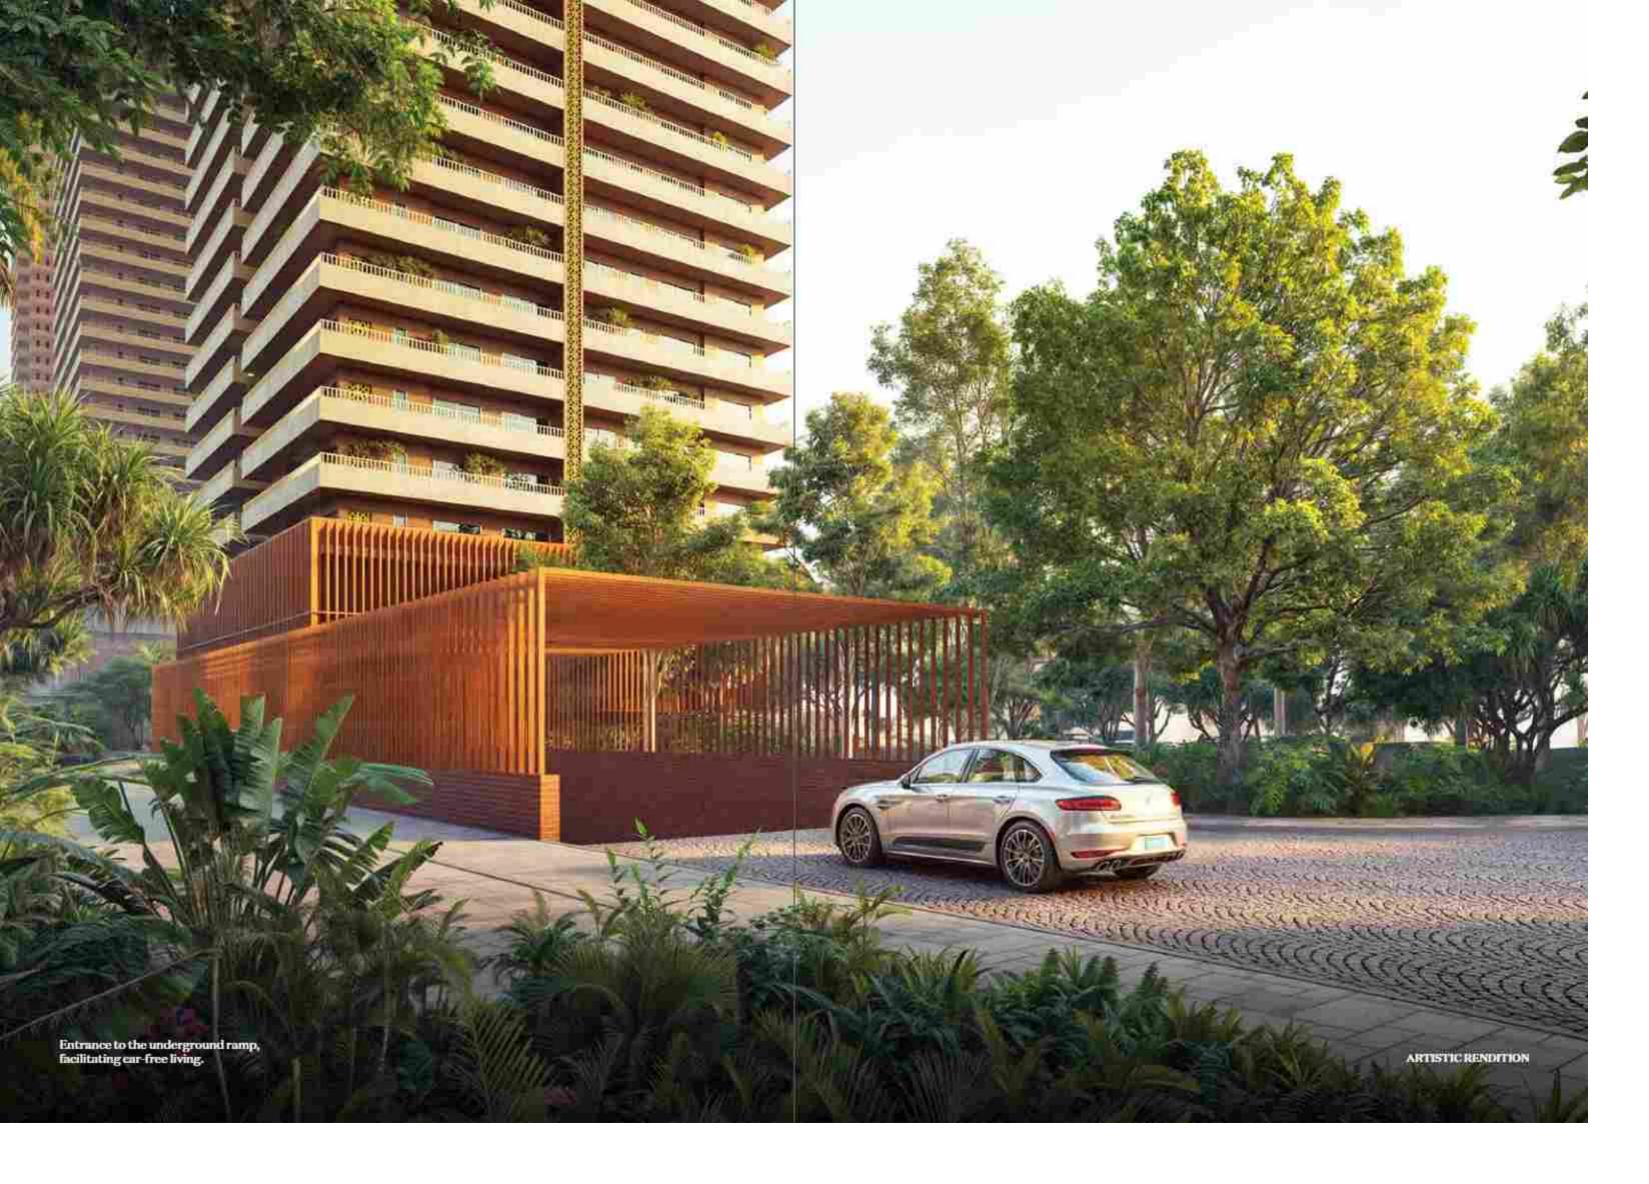

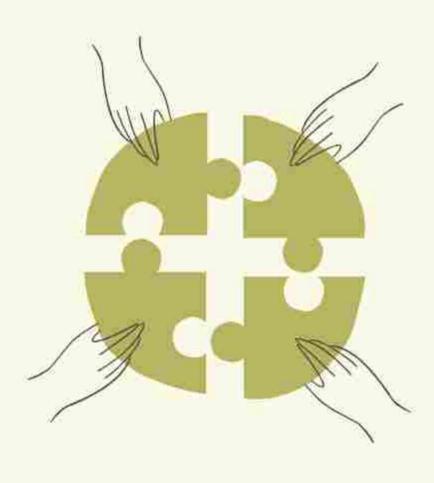

Living, uninterrupted

Car-free ground living at Estate 360

Estate 360 is one of the few car-free residential communities in Gurugram, enabled by a designated underground vehicular system with a ramp and a separate arrival lobby. This thoughtful intervention minimises pollution and lets both seniors and young children enjoy the estate grounds freely and safely.

Our ground plaza is designed to facilitate synergy with the lower ground level. Sunken courtyards allow natural light to cascade down even to the lower ground level, while air-conditioned lobbies welcome you as you enter from the drop-off, making for a pleasant arrival experience.

Our nature is to nurture

IGBC Platinum Pre-certified

Max Estates' continued commitment to social and environmental sustainability is embedded in Estate 360's design practices and offerings.

As an IGBC Platinum Pre-certified project
— the highest possible certification awarded
to a development — we proudly achieve the
exceptional standards of energy efficiency,
water efficiency, material selection and
waste management set by the Indian Green
Building Council.

Pre-certified

Energy efficiency

Smart home integration optimises occupants' energy consumption, lighting and security systems.

Waste management

Estate 360 practises efficient waste management through measures such as door-to-door waste collection, proper segregation of waste at source and on-site composting. Additionally, the Organic Waste Composter (OWC) installed at our estate reduces the volume of waste sent to landfills.

Community programs

In choosing Estate 360, residents are investing in a lifestyle that prioritises the well-being of the planet. Beyond residence-level interventions, our estate fosters a sense of community and collective responsibility. Community gardens, recycling programs and shared green spaces contribute to a vibrant, eco-conscious neighbourhood where residents can actively participate in sustainable living practices.

Air purification

Estate 360 utilises a carefully designed natural ventilation system, facilitating fresh air circulation throughout indoor areas.

Construction practices

As a progressive developer, we are committed to promoting a circular economy. Our construction practices only use STP-treated water from the local municipality. The use of unfired brick in building our estate further mitigates our carbon footprint.

Water sanitation

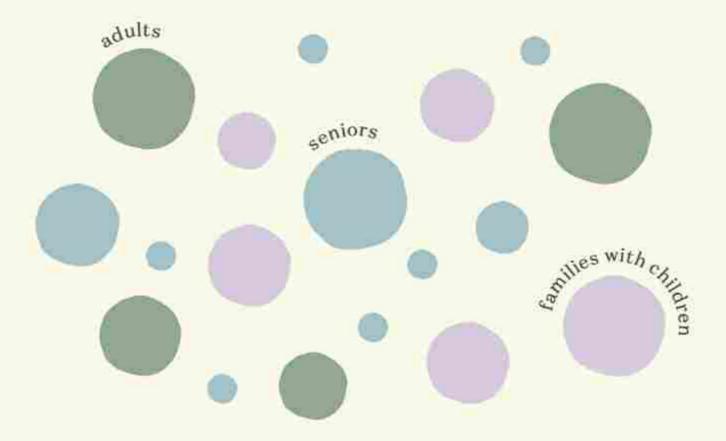

Prioritising access to clean drinking water, our project houses a water treatment plant to ensure all taps dispense fresh, treated water. Each residence is also provided with a heat pump.

AMENITIES FOR ALL GENERATIONS

For the young *and* the young-at-heart.

Estate 360 offers a thoughtful balance of design features and well-being amenities dedicated to adults, families with children, and seniors.

Whether it's working professionals looking for a space to call their own, a family with members of different generations or a senior seeking access to care and companionship, there's something for everyone at Estate 360.

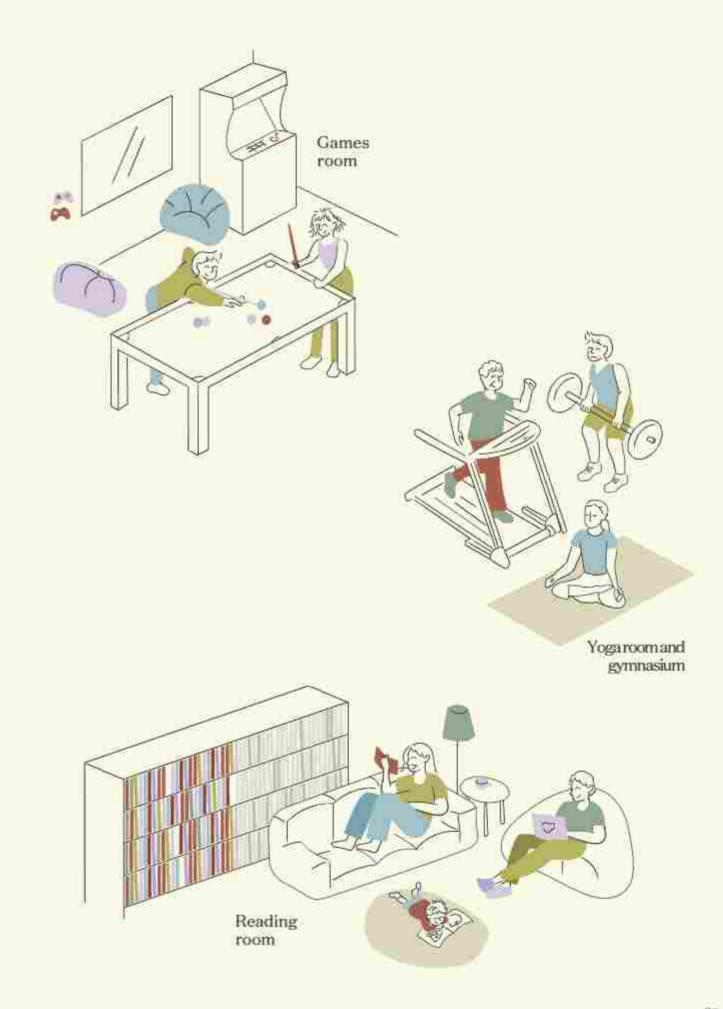

A place for common ground

The Hub at Estate 360

SENIOR LIVING RESIDENCES AT ESTATE 360

Senior Living Residences

at

360 360

Imagined and developed by Max Estates.

Established in 2016, Max Estates Limited is the real estate arm of the Max Group. As a well-being company enabled by real estate, we endeavour to consciously create a unique confluence of spaces that enhance your quality of life.

Introducing Estate 360 — the first intergenerational residential community of its kind in Sector 36A, Gurugram.

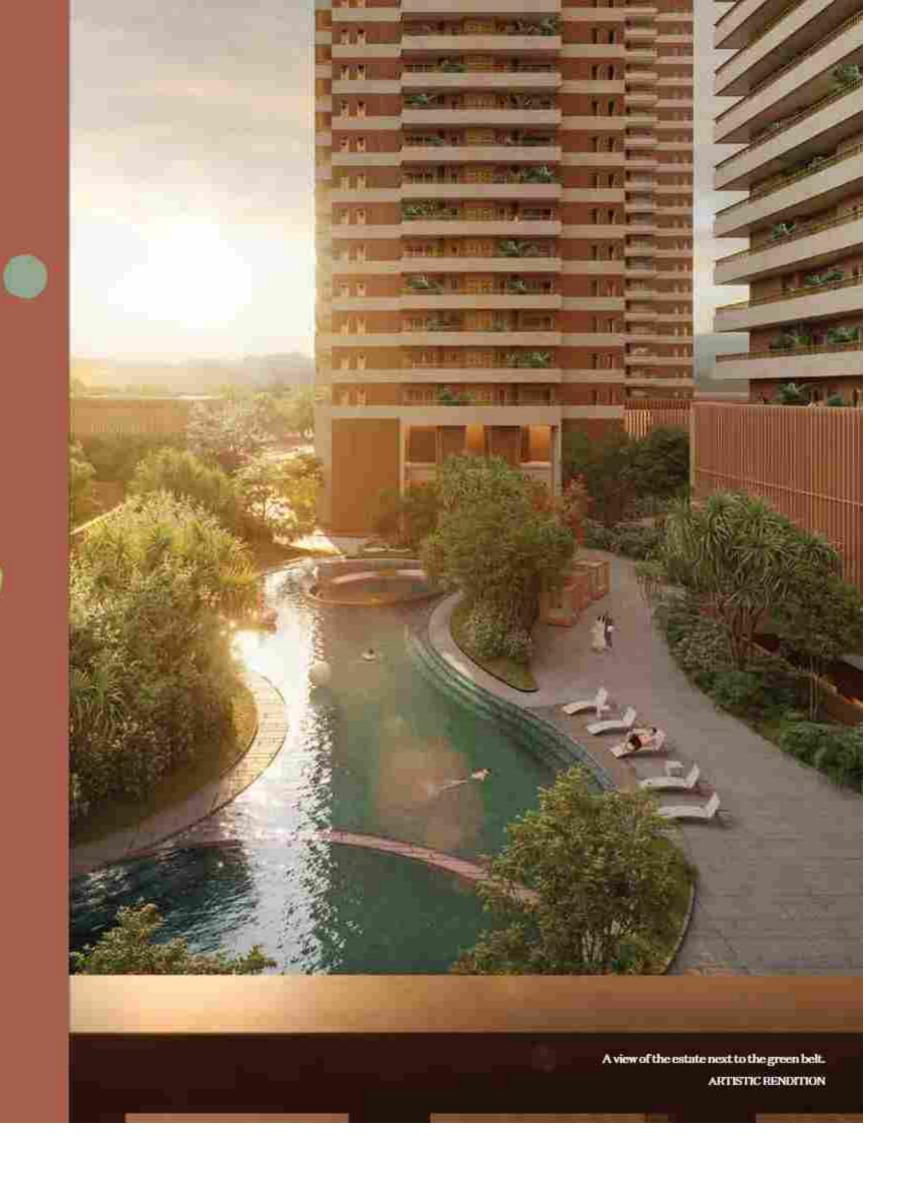

This latest Live Well experience from Max Estates offers a unique approach to the community living, designed to cater to every need for every generation.

Intentional intergenerational community.

Indian culture has always been rooted in certain values — togetherness, belonging, and learning from our seniors.

With time has come the need to balance these values with the evolving needs of families — privacy, individuality, and the importance of personal space.

Embracing tradition to offer a unique approach to intergenerational community living, Estate 360 honours the interests of adults, families with children, and seniors.

Make space for a new beginning to hassle-free living.

Estate 360 embodies Max Estates' vision of well-being in all stages of life.

Estate 360 has strategically aligned with Antara, pioneers in providing comprehensive lifestyle and lifecare solutions for seniors, to create a thriving community that enables seniors to engage, reflect, and connect with like-minded individuals, promoting a vibrant and fulfilling lifestyle.

We call it The Antara Way of Life.

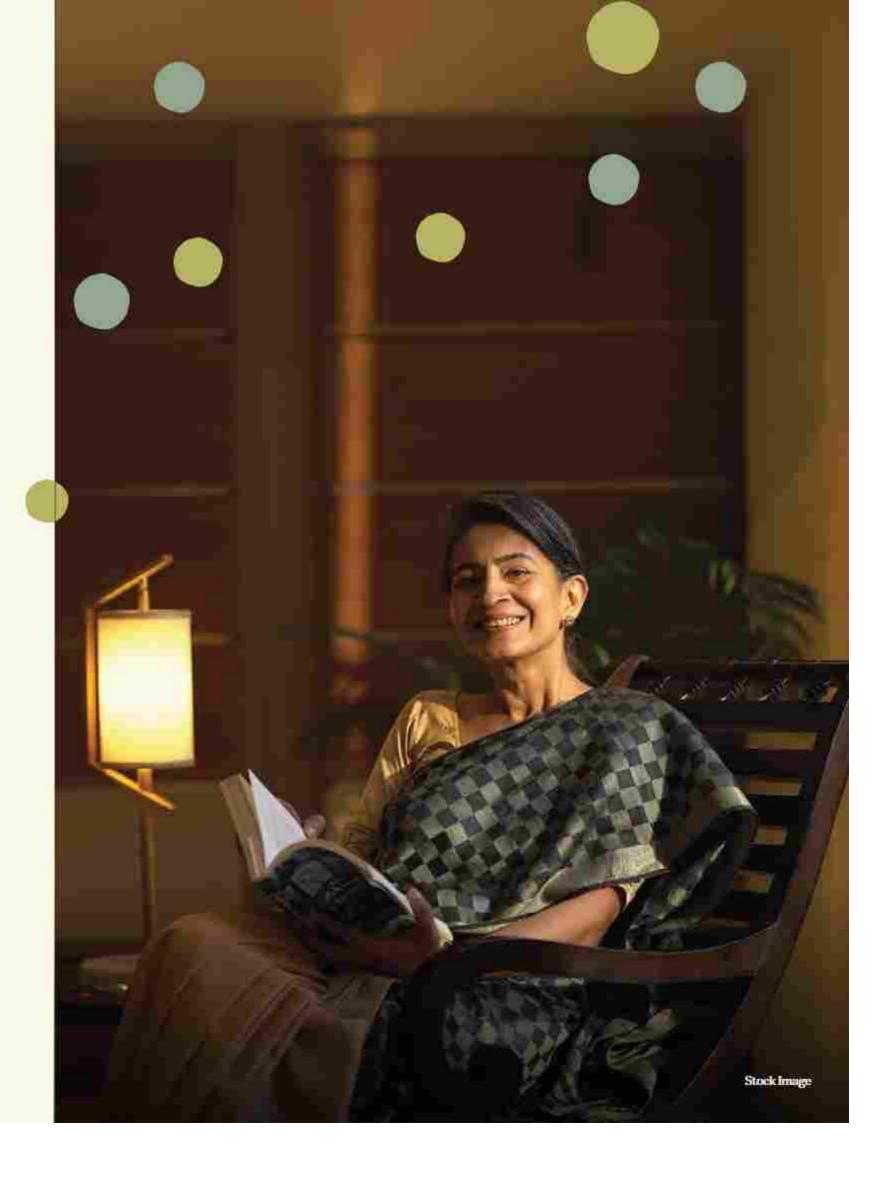

SPACES AND AMENITIES DESIGNED FOR SENIORS

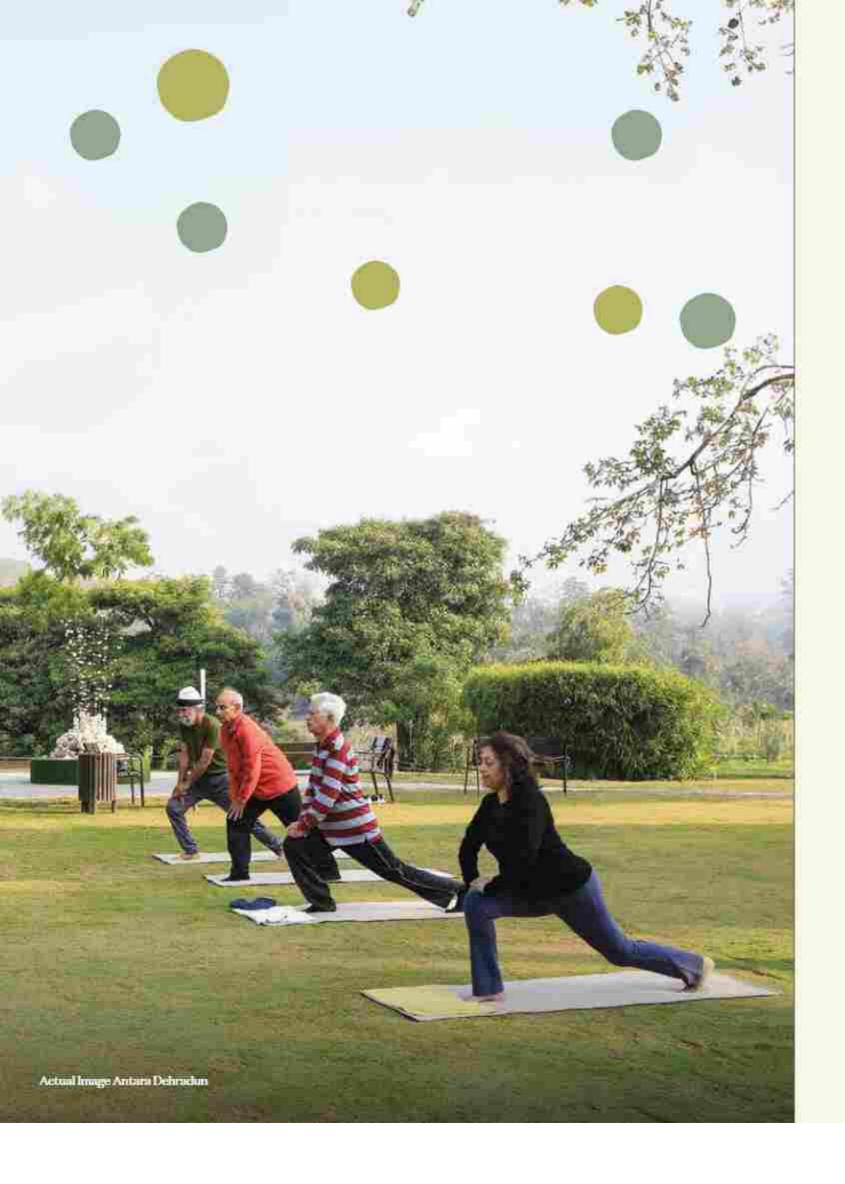

Embrace a vibrant life, on your own terms.

Our fully-finished senior living residences, managed by Antara, offer a host of pre-installed amenities tailored specifically for you. These include panic alarm buttons, anti-skid tiles, glare-free lighting, wider doorways and corridors, and much more.

When it comes to services, you can rest assured of round-the-clock medical assistance, emergency response systems, and all-day dining with personalised, curated nutritious meals.

Our ecosystem enables you to interact with like-minded people, and our state-of-the-art club facilities will ensure that you always stay healthy and active.

Antara Pillars of Wellness

Antara understands your need to feel independent, yet genuinely cared for at the same time. Promising to look after you like one of our own, our approach to your well-being goes beyond just physical health to a perfectly balanced care of the mind, body, and soul.

The Antara Pillars of Wellness are the core of our vision and philosophy, evident across all touchpoints for both, you and our team members.

Physical Wellness

Keep your body active and healthy at the gym, spa, walking track, swimming pool, yoga session, and more.

Social Wellness

Welcome a dynamic social calendar with schedules specially curated for you by our Resident Engagement Team.

Emotional Wellness

Satisfy your need for emotional interactions with a community of like-minded individuals, as well as younger neighbours.

Intellectual Wellness

Ensure your mind is always engaged through seminars, workshops, discussion groups, etc.

Occupational Wellness

Drop the idea of a sedentary lifestyle and see every moment come alive with cooking, art, photography, and music classes.

Spiritual Wellness

We understand the need for you to walk your own path spiritually, and are ready to aid you wherever we can.

Environmental Wellness

Lush, green, open landscapes help us create the perfect environment for you to enjoy every aspect of your life.

Countryside-inspired landscape.

Our landscape, a blend of lush meadows, scenic follies, and a winding lake, serves as a sanctuary designed for everyone, from children and adults, to seniors. It promotes well-being and activity while fostering a connection with nature. With ample benches with armrests, vehicle-free living, and step-free walkways, everyone can immerse themselves in nature's therapeutic power.

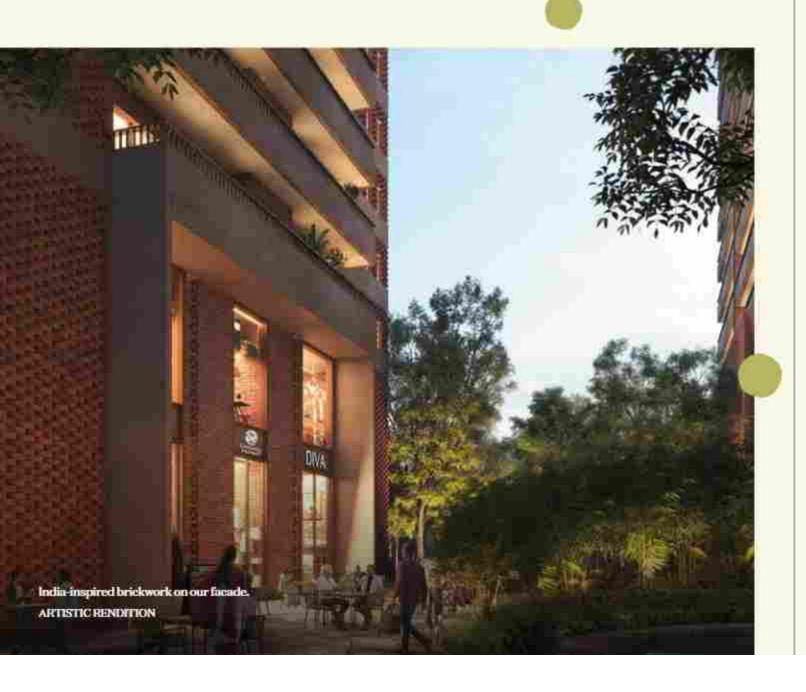

Golf Putting, right at your doorstep.

In the heart of Estate 360, a golf putting green beckons our seniors, igniting their competitive spirit. Age is sidelined as they stand ready, challenging the younger generation with their enduring zeal.

Convenient retail at the Community Plaza.

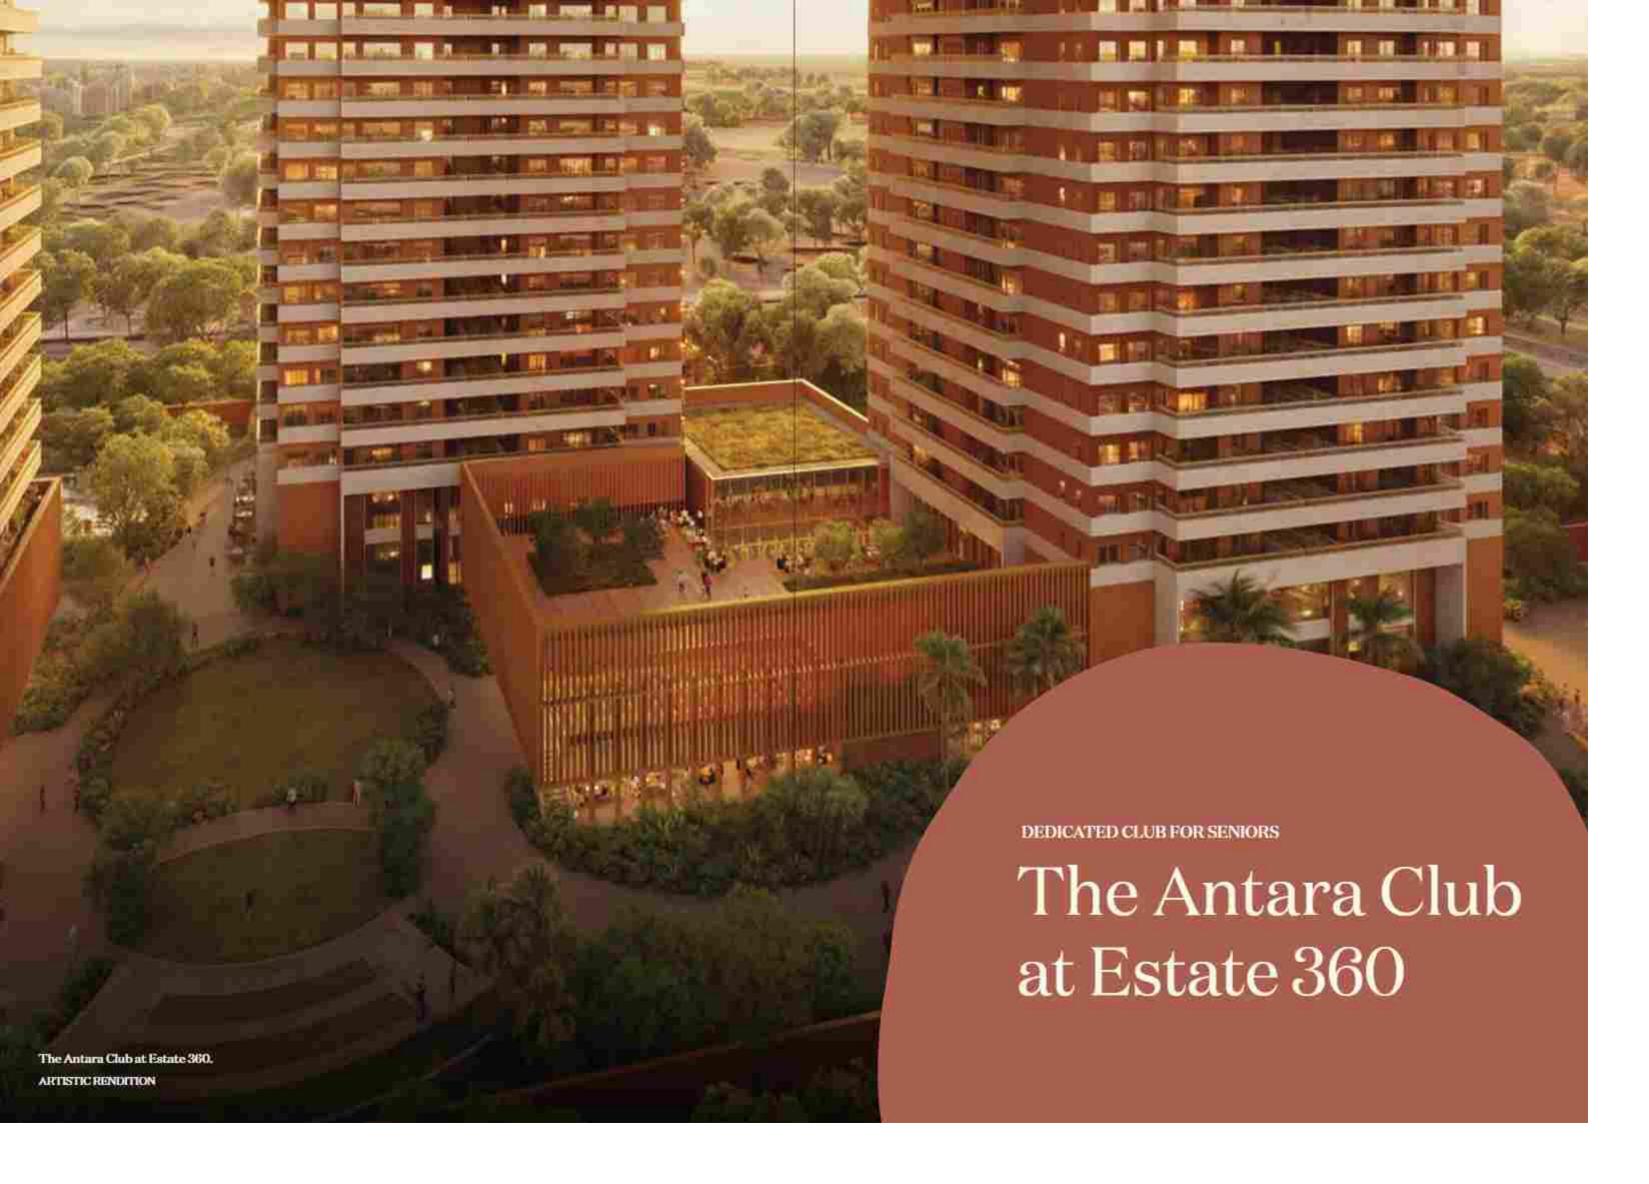

Our Community Plaza offers an array of retail amenities for all our seniors' daily needs, including provisions for a convenience store, pharmacy, salon, and more, all just a stroll away. It's a warm, welcoming space for lively interactions and shared smiles.

Sports Block with diverse facilities for everyone.

A dedicated Sports Block at our estate offers indoor and outdoor sports amenities such as tennis court, badminton courts, etc. This includes Padel Tennis, a stimulating, yet low-impact sport, perfect to stay active and engaged, while prioritising senior comfort and safety.

Heart of the community The Antara Club

The Antara Club at Estate 360 is spread across 50,000 sq. ft. over three storeys, a space well-equipped with modern and luxurious facilities for senior wellness. Designed to cater to its every aspect, we believe it adds to your complete well-being.

The quality of life of our residents is measured to a carefully drawn-up index based on participation in various activities, facilities and services that cater to one or more *Pillars of Wellness*. You can utilise these activities and facilities for an effective and well-rounded lifestyle with lifecare. The Antara Club is classified into two very distinct zones — the Activity Zone and the Wellness Zone.

From culinary delights to 'Ghar Ka Khana'.

Treat your taste buds to some of the finest cuisines from around the world, as well as nutritious culinary delights served at The Antara Club. Antara's cuisine philosophy aims to reflect a sense of homeliness, belonging, and simplicity. Our food proudly pays homage to various existing methods and wellness ideologies, with the ultimate goal of achieving a cuisine concept unique to Antara. Not only can you enjoy your meals in the company of other residents, but you also have the luxury of savouring 'Ghar Ka Khana' – a dynamic menu that saves you the hassle of everyday cooking.

For time well spent.

The reason The Antara Club is the social hub for all our residents is because it offers a whole array of options for them to spend their time with specially curated resident engagement programmes and a monthly activity calendar. From the Reading Corner where residents can explore, revisit and discover their favourite fictional and non-fictional tales to a dedicated Bridge Room where they can play perhaps the most mentally-engaging card game in existence.

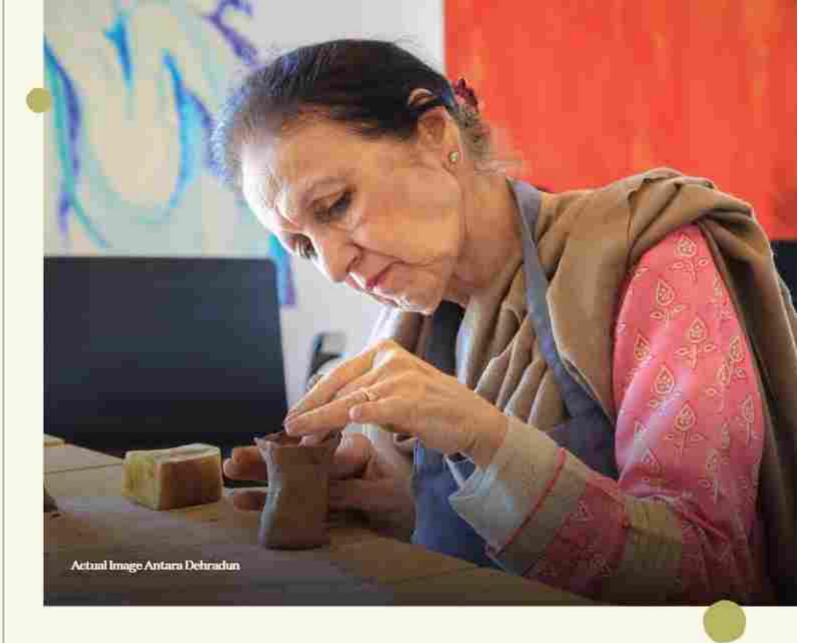

Where your creative pursuits shine.

The Antara Club also accommodates our residents' creative pursuits with the theatre, where we screen films, as well as plays directed by, acted in, and created on every level by our residents and the Antara team members at the community.

Pursue your hobbies.

In addition, residents can participate in creative workshops to explore new skills and hobbies and hone long-forgotten skills, including gardening at the terrace.

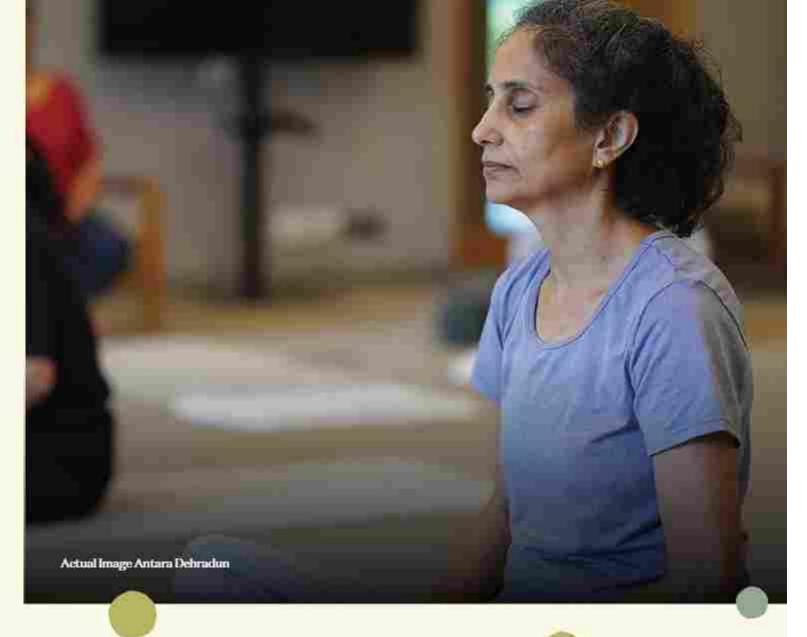

Bringing the community alive.

For those seeking to fulfil their intellectual pursuits,
The Antara Club regularly hosts seminars and
workshops for residents to fulfil those pursuits.
Diverse in topics, led and hosted by both experts and
residents, we make sure everyone gets the best
knowledge and expertise, regardless of the field.

Keep your body and mind active.

Residents can ensure physical well-being at our indoor and outdoor gyms, installed with senior-friendly machines and other equipment. An expert trainer can help curate training programmes for our residents to best ensure improvement of their physical health. In addition, residents can also use the indoor all-weather pool for low-impact, high-benefit workout, all through the year. After such workouts, residents can relax in the steam and sauna room.

Improve health with ease.

When it comes to improving physical and mental health in a single swoop, nothing beats early-morning yoga. With expert guidance, our residents can experience the countless benefits that yoga has to offer as an exercise, as well as its meditative benefits.

All work. All play.

Residents can also choose to balance work and play between the Den and the Business Centre, with our concierge available 24x7 to aid them and answer any queries they might have.

Milestones to remember.

For residents who wish to engage in social activities, they can celebrate important milestones like anniversaries and birthdays at our dedicated event spaces, all in the company of a strongly-knit community they have formed.

Expert Senior Care, Apno Jaisi

The name - Antara, is derived from the Sanskrit word 'Antar', which means 'the difference'. The logo with the 'three mandalas' represents the mind, body, and soul. It symbolises the cosmos in a perfectly harmonious state.

Antara's vision is to be the most loved and trusted brand for seniors and their families, by helping seniors improve and enrich their quality of life. With this vision, Antara sets itself on the mission to understand and respond to their evolving needs and desires through a perfect blend of lifecare and lifestyle offerings that deliver a comprehensive and seamless experience.

The fast-changing social fabric and a steep rise in the concept of nuclear families compelled team Antara to address the need to create an ecosystem that provides care, companionship, and comfort to seniors.

Antara believes that as seniors get older, they should look at life as a new beginning to hassle-free living in the care, safety, and security of an expert team.

The Antara Journey

Il years ago, Antara laid the seeds of what senior living in India could be with the launch of the very first community of like-minded seniors in Dehradun.

The very first senior living community in Dehradun became fully-operational, welcoming a host of residents to expert care, a lifestyle driven by active ageing, every amenity and facility imaginable under a single roof, and so much more. In 2017, Antara welcomed all residents to The Antara Way of Life.

The soaring success of the senior living community at Dehradun inspired Antara to take senior living residences forward with the next community in Noida, as well as launch a completely new business vertical, Antara Assisted Care Services, which include — Care Homes, Care at Home, and MedCare products.

Antara launched a first-of-its-kind facility for the holistic care of dementia patients - Memory Care Homes. It offers specialised and focused care, enabling them to lead their lives with dignity.

Instilled with a never-ending vigour to provide the best care for seniors, Antara launched AGEasy. It is an online and offline store, focused on senior specific products and solutions to manage chronic health conditions.

This year, Antara is evolving the senior living communities with Delhi/NCR's very first intergenerational residential community in Gurugram. It is a place where seniors have their own dedicated spaces, along with the opportunity to interact with younger generations.

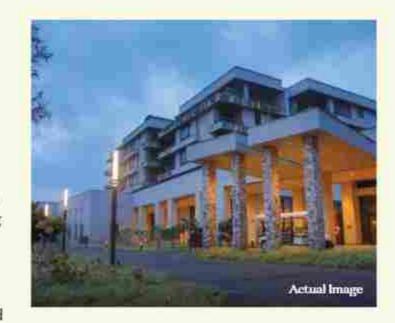

Dehradun

A vibrant community of like-minded seniors in India, where each one of them is cared for, and each one at Antara is dedicated towards making their experience the epitome of hassle-free living.

This singular idea is what drove Antara to create India's very finest senior living community with Antara Dehradun.

Spread across 14 acres (56,656 sqm) in Purukul, Dehradun, a land abundant in magnificent mountains, lovely lakes and grounds greener than anything else in the country, it set the ultimate standard for senior living in India.

Community. A word whose value was realised not only in India, but across the world during the COVID pandemic.

Amidst such perilous times, Antara launched its second senior living community in sector 150, Noida.

With the best infrastructure in NCR and a host of pre-installed amenities, Antara is at the cusp of welcoming a brand-new community at Antara Noida.
